**Tasting notes**

Deep, bright purple colour. In the nose, elegant aromas of cherries, blackberries and violet mingle nicely with delicate impressions of cinnamon, vanilla and toasted bread.

The concentrated fruity character, the depth and the power in the mouth, as well as the supple tannins form an attractive wine with great personality and long lasting aftertaste.

An expressive Merlot with sophisticated character.

**Food pairing – Serving temperature:**

*Ideally suited to roasted duck, stuffed turkey, tenderloin with plums, small winged game, rooster cooked with wine and mature, soft cheeses are some excellent companions. Best served at 18°C.*
