Producer: **KATSAROS DISTILLERY** keeps the brunt of a heavy history of 160 years. It is a four generations family run located in Tyrnavos. **It is the oldest distillery of ouzo in Greece** and the world, since there was born Ouzo, this national product. Here we continue to distill as then, since 1856. With soul and vision, we put the handcrafted copper stills in modern facilities, here in Tyrnavos and made our production possible. Since 1930, our spirits walk all around the world and we make sure they go even further. Our spirits, which won medals and quality distinctions in exhibitions worldwide from 1889 till today, shine like bright stars justifying our labors. During this long journey we travel along with our Ouzo, Tsipouro, Liqueur, Ouzo Triple Distilled and Aged Tsipouro trying not to be just winners, but to dominate.
