

KATSAROS DISTILLERY
TYRNAVOS 1856
ANGEL TEARS

The first tsipouro of triple distillation in Greece (March 2018)

Classification: Triple distilled Tsipouro with Geographical Indication Tyrnavos

Country of origin: Greece

Grape variety: 100% Muscat of Hamburg

Alcohol content: 40%

Distillation and Production process:

After the excellent selection of the raw material of the local, fragrant grape "Moschato Tyrnavos", the alcoholic fermentation begins, which is a prerequisite in order to proceed to the grape marc distillation. The distillation takes place inside inox tanks, of non-constant function, under optimal and controlled temperature conditions. It is performed on handmade copper stills in mildly stable temperature and is carried out by separating the distillate in three stages: Heads - Heart - Tails. The heart, containing the desired ingredients, is then distilled for a second time. After the heads and tails are removed, a third distillation of the heart takes place, which is the basis of the production of this unique distillate. After three distillations, the heart is diluted with reverse osmosis water and is stored in stainless steel tanks for at least 6 months until it is balanced and homogenized, at the time of bottling.

Tasting notes:

- **Color:** bright water-white
- **Nose:** Fruity aroma of the special variety of Muscat Tyrnavos
- **Palate:** Velvety taste of marc of Muscat Tyrnavos variety with long lingering aftertaste

Pairings: Enjoy it with Greek traditional cold & hot Mediterranean dishes or mixed in inspired cocktails.

Serving temperature: Cool at about 10 ° C

Awards: Bronze medal - Concours International du vin & des spiritueux 2019,

Producer: The Katsaros family has been producing **Ouzo in Tyrnavos for 160 years**, already with the experience of four generations and a secret recipe which preserved and passed on from generation to generation. It is the oldest distillery of Ouzo in Greece and thus in the world, since Tyrnavos is the birthplace of Ouzo, our national product. In our factory today, technology coexists in harmony with the history and tradition. Having been equipped with handcrafted copper stills and other bottling machinery of the latest technology we offer high quality distillates & spirits making us both personally & nationally proud. Since 1930, our spirits walk all around the world and we make sure they go even further. Our spirits won medals and quality distinctions in exhibitions worldwide from 1889 till today and shine like bright stars justifying our labors. During this long journey we travel along with our Ouzo, Tsipouro, Liqueur, Ouzo Triple Distilled and Aged Tsipouro trying not just to be winners, but to be excellent in all levels.
